CONTEMPLATION

Remember that in body thine a God is dwelling there
Thy Temple from pollution free let it forever be.
Offend thou not thy God in thee, indulging in man's lusts;
Moreover if tormenting self thou groanest foolishly.
God has descended just to see the world with eyes of thine,
Then breathe on Him with senses pure, the Breath of Sacrifice.
It's He in thee, that sees, feels, thinks, and speaks by day and night.
Be thus in all thou dost see, feel, think, speak—divinely bright.

We all admire a man who says what he thinks—as long as he says it about other people.

Handwriting on the Wall: WAR III

By C. LEON de ARYAN

Remember Pearl Harbor!

But did you forget the Panay? Compare the Tito incidents with the Panay incident. Where lies the coincidence?

We were supplying Japan with the war materiel to conquer China; to show off, the Japs bombed the Panay. Strictly for "home consumption"; so sorry, excuse please. It was a "mistake". And then Pearl Harbor followed. And Pearl Harbor was no accident, "we planned it that way". FDR, Churchill, Gen. Marshall wanted the Japs to "start" the war. And the suckers pay for it.

Now Poland protests that it is none of our business what sort of "election" the Communists "give" the Poles. And Tito is "so sorry", he permits "military honors" to the Yanks he had shot down. And the State Department "threatens" to take the matter to the UN council, where Stalin has the veto power.

Is there anyone so dumb that cannot learn from experience? Did we not build up Japan and Hitler and Mussolini to enable them to put on a good war? And did we not build up Stalin and Tito and Poland with all they need to defy us? And aren't they doing it?

If you never studied the Protocols of the Elders of Zion you won't know the answers. And now Zionism is creating more sympathies for the poor mistreated Jews in "their homeland", Palestine. Palestine, the homeland, must have extended its boundaries to the Rhine, the Elbe, Volga and the Dniepr. It certainly reaches to the Hudson.

And while War II is not officially over yet, England is grooming for a showdown with Russia in imperialistic expansion. And the USA is furnishing the soldiers in the "incidents" in Yugoslavia. Canada pardoned all its deserters, released the conchies but the USA bravely mobilizes men and industry to fight for English imperialism against Russian imperialism, as if the one were better than the other, meanwhile the Sanhedrin destroys the Republic and takes over.

To frighten any resisters to war, organized groups against war are being hailed into court and harassed. The "striking" conchies in New York areas are sentenced to 18 months federal imprisonment and Arthur L. (The Voice) Bell is declared a "fraud" because he refuses to cooperate with the Atty. Gen. of Calif. to destroy his organization that successfully exposes the folly of war for "peace".

Can you not read the handwriting on the wall?

And the suckers fall for it again and again and again.

Fish Scores Jas. Roosevelt

COMMENTS ON DEFEAT OF BENNETT FOR CONGRESS

Up-State, the victory of Mrs. Katherine St. George, cousin of the late Pres. Franklin D. Roosevelt, who defeated Representative Augustus W. Bennett for the Republican nomination for Representative, drew favorable comment from former Representative Hamilton Fish, whom Mr. Bennett defeated two years ago. Mr. Fish said:

"James Roosevelt, eldest son of the late Franklin D. Roosevelt, injected himself and his radical New Deal views into the primary campaign for Congress in Orange County, by endorsing his father's New Deal protege, Augustus Bennett, against his cousin, Mrs. Katherine St. George. It turned out to be a political kiss of death. The Republicans of the Twenty-ninth Congressional District preferred a real Republican to a New Deal Republican. They want no political advice from any New Deal member of the Roosevelt family and particularly from James Roosevelt, who is on the P AC or associate payroll. He is merely a puppet who reacts to the guiding strings of PAC. He had better in the future confine his efforts to Democratic primaries.

"Congressman James W. Wadsworth also injected himself into the Congressional fight by writing a letter in behalf of Mr. Bennett. It was extensively circulated and was very much resented as unwarranted outside interference. It, however, actually made votes for Mrs. St. George among the wage-earners and those opposed to Mr. Wadsworth's pet measures, the conscription of free American labor and the conscription of American youth".

2868 OBJECTORS TO WAR STILL CONFINED IN US

NEW YORK,—One year after the surrender of Japan there are still 2868 conscientious objectors confined and working in the United States. Close to 5,000, many of them claiming conscientious objection to war, are serving time in federal prisons.

The 2868, about 780 of whom are undergoing mustering-out processes, are at work in 93 units spread throughout the country. Their duties, for which they are paid nothing, all but run the range of human endeavor.

Some are doing voluntary work as human guinea pigs in medical and scientific experimentation. In this work they have been exposed to, and are being exposed to, starvation, diseases and such tests as helping medical and military men study the most amount of heat or cold the average person can stand.

The conscientious objectors who have met every government test to assay their sincerity—and the tests are rigorous—are being mustered out of payless service at the same rate at which the armed forces are reducing their size. The discharge percentage of the 11,592 "genuine" cases picked up and confined during the war is 82.5 percent, a spokesman for selective service revealed.

Turkish Visitor Shanghaid into Swearing Allegiance to USA

LOS ANGELES,—Pvt. Ali Ipar, whose marriage to blond screen actress Virginia Bruce was postponed because the Army insisted on questioning him about his furlough papers, was released after five hours of questioning.

The handsome bemustached soldier has been in the Army only seven weeks, it was pointed out, yet he has been given a nine-day furlough even though regulations provide for only two and a half days leave a month.

It was that fact, together with the news that Ipar had been around Hollywood for a week, that led the CID to seek the aid of a sheriff's squad in picking him up.

The CID said Ipar is away from his post with the 2nd Infantry Division at Fort Lewis, Wash., on a series of three three-day passes, a procedure highly irregular in the best orderly room circles.

Ipar accepted the situation with the fatalistic approach of the soldier to the life civilian, and said he would go through with plans for his wedding to Miss Bruce.

"You Americans have a great saying about how things are done in the Army—the right way, the wrong way and the Army way," he said. "I guess this was just a case of the Army way of checking my papers."

FORCED TO SWEAR INVOLUNTARY ALLEGIANCE TO USA

The Turkish screen producer, who is an official in a Mexican film company, met Miss Bruce in Mexico where he proposed to her.

On July 8 he was inducted into the Army despite his protests that he is a Turkish national who was in this country on a visitor's visa.

Federal City

Carolina Viewpoints on the Negro and Jewish Questions

By WASHINGTON ADAMS

CHARLOTTE, N. C. Sept 1. (Special),—I have been covering the Carolinas the past week studying their viewpoints of the Negro and Jewish questions.

The first census reported only one "Hebrew" in North Carolina (1790). For over 100 years the Jews were few in number and made little impress upon local life. But so many came in since 1900 that the little paper, "The Carolina Israelite," came into existence to bolster the Yiddisch morale.

The biggest stores of this city are Gentile owned and managed, with one exception. The chief ownership of one store is Gentile, but an important voice in its management is Jewish. Quite a few small shops are Jewish-owned. The majority of the new stores being installed are for Jews (from overseas?)

In nearby progressive small cities, such as Gastonia, Concord, Hickory and Shelby, most of the new stores under erection are for Jewish owners. Shelby, (15,000 population) had only one or two establishments run by Jews, now sees nine new shops under construction for Jewish firms. A common remark is "The Jews have come in to take us over".

The most frequently expressed objection to Jews is not their race or religion, but their clannishness, inordinate ambition and tendency to "rule the roost". "If Jews would adopt the Christian precepts of the 'golden rule', love and forgiveness, and the 'Good Samaritan' conduct, they would 'win friends and influence people' ", said a minister to me yesterday.

"If Northern bigots and fanatics would let the South alone, they would help in the solution of the Negro and all other minority problems," remarked a lawyer this morning. "We like and get along with the Negro very well," he continued. "They are assured their just share of State funds for all public institutions, and they are permitted to become all that they are capable of being and becoming. In our elections, we have an educational test, which shuts out from the ballot most of the ignorant and incompetent of all races. We have had no poll tax for 26 years, but I believe in a national poll tax of $1 for educational purposes; it would eliminate much venal and haphazard voting among the proletariat."

There are many ambitious and thrifty Negroes who own their own farms and homes in North Carolina. From the Cleveland county homes of three such blacks came three young men who finished in local high schools and attended the University of Michigan, graduating with honors. One came back and became principal of the Shelby high school for colored students; another, graduating also from a divinity school, was invited and preached a sermon in the big Methodist Church for white people.

The people of this section are overwhelmingly of old-American, Anglo-Saxon stock, and they are proud of it. They have no hatred for any fellow-human beings who live honorable lives. But they, like their intelligent fellow-Americans of the North and West, are fearful and disturbed by the dangers of racial mongrelism which are appearing in other sections of the country. And some are inclined to blame the Red Jews for the racial tensions that are arising.

Politically these old-stock Americans are old-line States-right Democrats, and they have no use for Red New Dealers who dominate the party in the North and West. Some big Southerners would like to see the Republican party change its name and organize the South, or enable the South to join the re-organized coalition right-wing conservative party.

BETRAYING JEWS and MURDERING THE PEOPLE

By HENRY H. KLEIN

(Copyright 1946 by Henry H. Klein)

From time immemorial, Jews have dreamed of the advent of a personal Messiah to bring peace and happiness. That dream has been betrayed many times and is now being betrayed on a world scale.

Political zionism is the betrayer. It is aiming at political and commercial world power, not at peace and happiness. **It is aiming to fulfill the plan outlined in the Protocols of the Learned Elders of Zion, for a Jewish state in Palestine.**

The Protocol plan brought death and destruction to Jews in Europe. **Hitler aimed to destroy the zionists and the Sanhedrin agents manipulating the plan. Instead, he destroyed Jews who were their victims.** The Jews in Palestine and elsewhere throughout the world, will be the victims unless the zionists are stopped.

For a thousand years before the advent of Jesus, the Jews were in turmoil in Palestine. They fought among themselves and with their neighbors. They longed for the Messiah, but when Jesus came **they rejected Him because the Sanhedrin ordered Him crushed.** The Sanhedrin framed Jesus and had Him executed by the Roman governor. The Jews had been deceived by many false Messiahs before Jesus. They did not recognize Him as God's agent until after His execution.

Since Jesus' time, many false Messiahs have appeared. The fiction of Jewish world rulership through Palestine, has dominated Jews since the Babylonian captivity which occurred about 600 B. C. This fiction and the longing for a Messiah, gained emphasis after the conquest of Palestine by the Romans in 70 A. D. Each time, the Jews lost half a million to a million killed and that many enslaved.

After that time, Jews were pillaged and plundered throughout Europe. They were driven from one city after another and laws were passed restricting their rights and prohibiting their practices and rituals. The Talmud was repeatedly condemned and proscribed, and burned by governmental decree.

This is a sad history for Jews to contemplate, **but their history will be sadder if political zionism and Sanhedrin madness are not suppressed.** These two agencies seek rulership over Christians and Moslems and are using all Jews as a front and a cover for their mad operations. **They are trading on the Messianic hope of orthodox Jews who do not understand the deception.** All that they know is that they contribute to aid Jews in Palestine and Europe.

The Protocols of the Learned Elders of Zion first made their appearance in 1905, when a Russian named Sergius Nilus, published them. He was well known in literary and college circles in Russia. A copy of the Protocols was lodged in the British Museum in August, 1906. Since that time, many editions have been published in many languages. In 1920, an edition was published in Boston, and about the same time, an edition was announced by Putnams in New York City. The Putnam edition was never published. It was stopped by the intervention of the American Jewish Committee.

Since the Protocols were first published, many so-called pro Jewish organizations were started. The American Jewish Committee is the oldest. It was incorporated in 1911, but started a few years earlier. Among the incorporators were Jacob H. Schiff, whose granddaughter, Dorothy S. Thackrey, owns the New York Post; Louis Marshall, Federal Judge Julian Mack, Julius Rosenwald of Chicago, A. Leo Weil of Pittsburg, and Judah L. Magnes, brother-in-law of Louis Marshall, who is head of the University in Palestine. Magnes was active in the Kehillah in New York City before he went to Palestine. On the executive committee are well-known jurists, lawyers and industrialists from all parts of the United States.

Rabbi Stephen S. Wise followed suit with the American Jewish Congress, which has branches throughout the country and with the World Jewish Congress. The American organization includes many Jewish lodges in its membership. **Rabbi Wise has repeatedly declared for violent action** to compel Great Britain and the Arabs to permit unrestricted immigration into Palestine. U. S. Judge Mathes Orders "Church" Assets Dissipation by Cash Sales

Decision in Review of Referee Brink's Order of July 9, 1946

By Judge Mathes, August 29, 1946

THE COURT: I wish I knew some way that **these poor people, who put themselves in virtual servitude to this man,** could get their money back, but this is a court of bankruptcy, and I know of no way it can be done. Making oratorical speeches won't get it back. The Court is not entitled to speculate with what is left, and **this court is not entitled to work these people at such wages as they are being paid.**

The Court finds upon the evidence produced here that it is now necessary for the best interests of the estate and its creditors to issue an order for general liquidation of the estate as a going business, **converting the said estate into money so that it can be distributed to the creditors** so that its trustees can comply with the requisition of the Section 47 (a-1) of the Bankruptcy Act. Accordingly the Referee's order denying petition to discontinue the operation of business, that order being here on review, and dated July 9, 1946, is reversed and set aside, and the matter is recommitted to the Referee with directions for the entering of an appropriate order responsive to the petition. And I will prepare and file an order to that effect. I will recite the findings in the order.

MR. HUNT, attorney for the trustees: About

the operation of the business. May the Trustees in their discretion continue the operation of such business that might be well to do so to preserve the goodwill temporarily until they can find a good sale ?

THE COURT: If you desire to operate any of these businesses—to talk about this as one business is also very confusing. Any of them that the Trustees deem it desirable to continue operating you may petition the Referee and he will undoubtedly, in view of his views in the matter, grant you the leave to continue operations.

MR. HUNT: The relief we sought for—to operate projects temporarily?

THE COURT: Well, I don't want to take over the administration of the estate. I do very definitely find myself in a necessary position of saying as I view the evidence,—the Referee made his order without a hearing—as I review the evidence taken here, I reach a very definitely opposite result. I think clearly this estate should be liquidated as rapidly as possible, particularly in view of the precarious position of the Trustees to operate in the manner in which they are attempting to operate.

UTLEY PLEADS FOR PRESERVATION OF CHURCH

Before rendering the above order in the U. S. District Court in Los Angeles, Judge William Mathes had been addressed by former referee in bankruptcy, Judge Ernest Utley, now attorney for the bankrupt "Christ's Church of the Golden Rule", in a plea for the **preservation of the livelihood of about 800 members who, as secondary creditors in** this bankruptcy proceeding, are entitled to the protection of their rights and property under the bankruptcy Act.

Judge Mathes brushed aside all references to the bankrupt as a church, reiterated his abhorrence of Bell as a virtual slave driver and exhibited complete insensibility to spiritual motives which impel human beings to unite and give their services as sacrificial offerings on the altar of Christ.

Judge Utley presented points, authorities and cited cases, even now pending for over 10 years in the U. S. District Court, where the business of the bankrupt was continued, **to preserve the agricultural assets,** pay off the creditors and protect the investors, **since the whole purpose of bankruptcy legislation is to enable the bankrupt to survive,** clean up outstanding obligations and start anew. But Judge Mathes completely ignored the testimony of Trustee L. Boteler who had stated that he would have been delighted to sell the Homesteaders Life Bldg., at 8th Place and Figueroa street, but for the fact that it contained a huge **church auditorium which the** trustees dared not dispose of because it is the church of the group.

Thruout the whole trial, which lasted for 3 days, Judge Mathes insisted on "facts" in place of "speeches", yet the Judge deliberately **ignored the facts of the bankrupt's incorporation as a church** and not a mere industrial organization. This deliberate callousness to the pivotal and fundamental FACT in this bankruptcy proceeding renders the court's order of immediate liquidation and dissipation of church assets and the livelihood of 800 church members, illegal, void, unconstitutional, **without due process of law** and also un-American because **it follows the Communistic-atheistic line** with respect to the institution of religion.

Judge Utley suggested an equitable method of protecting all parties at interest by returning remaining assets intact and in kind,—**without selling them and paying 25 percent of the cash in taxes to the U. S. treasury,**—to the investors, for whom the Judge was shedding crocodile tears, calling them "poor people who put themselves in viritual servitude to this man", **while deliberately ordering dissipation of their** assets and disregard of the FACT of the existence of the church which the court is solemnly bound to protect as much as its creditors.

CIO STARTED PERSECUTION OF THE CHURCH

While Arthur L. Bell, president of the church organization, testified on the witness stand that the CIO used the Atty. Gen. of Calif. office to break up the church organization which had defied the CIO, Judge Mathes stopped Bell from presenting this FACT into the record.

Nevertheless, **such is the fact.** This deliberate ignoring of vital facts in the pending case **has made the U. S. District Court an accomplice to the Communistic line of procedure** as has been so well presented by columnist Paul Mallon recently in his own words:

"WASHINGTON, Aug, 29. . . . A Baptist preacher spent 35 days in Russia and returned announcing through AP, Stalin had provided "what appears to be complete freedom of worship."

"This is contrary to preponderant human knowledge. The best evidence from knowing and learned men has added up like this:

"Stalin follows the Marxian doctrine holding religion to be the opiate of the people; this is necessary to a dictatorship preaching stateism as a religion; indeed atheism is indispensable for dictatorship, because the supremacy of the state cannot be established until the belief in a supreme being above the state is eradicated or made subject to state controls; that Stalin has speciously and temporarily turned the Greek Orthodox churches off and on in the recent years for the sake of publicity in the outside world, as Communism permits; but that he has made his churches into propaganda agencies for Russia by:

"(1) Taxing the income of the churches, running the amount up to 90 per cent of the contributions at will and without knowledge of the parishioners.

"(2) controlling the salary of the clergy and their income by controlled state propaganda discouraging attendance or contributions.

"(3) By seizing and controlling the property of the churches in the name of the state and

"(4) By all these means of taxation, ownership and state propaganda, intimidating them to preach what line of propaganda he needs to feed the people at any given moment.

"As all these and similar governmental controls can be hidden completely from the outside world as well as the Russian church people by a complete censorship and, as this Atlanta preacher claims to have fresh evidence upon the subject, he should be heard to the fullest and asked what evidence he has upon these matters.

"He should be asked such questions as: **'Are churches taxed secretly in Russia? to what rate has this taxation run in recent years? Is there a different tax for different churches?'** and so on. There should be no misinformation on this subject. Christian people are entitled to know whether one of their number has been duped on a sightseeing tour **(incidentally how did he get into Russia in the first place would be my first question as most people cannot get in),** or whether the accepted facts of the matter are true."

BELL AND WIFE REFUSE TO TESTIFY

When Judge Mathes attempted to find out who was donating money to Bell to continue the fight against the dissolution of the Church, Bell refused to answer Mathes' questions. Threatened with "contempt of court" and informed by Mathes that only by pleading that the answers would tend to incriminate and degrade Bell, the judge would yield to Bell's refusal on those grounds, Bell presentd a very unique plea.

"According to my religious convictions it would degrade and incriminate me to betray the confidence of my donors" and the court, then, desisted further from inquiring into the private affairs of Bell and his loyal friends.

Equally so Mrs. Bell refused to give the court any information as to the source of her present and past incomes which she had placed at her husband's disposal to finance his ventures into the religious field to expose the war-makers and profiteers from war, by standing on her constitutional rights of not testifying against herself. As long as the sedition charge against Bell and 15 other associates is pending in the courts neither Mrs. Bell, nor any other person, need answer questions on finances.

The Communist controlled CIO, into whose hands Atty. Gen. of Calif. as well as the U. S. District Court are playing by persecuting Bell and his Church which was solvent and very prosperous indeed, till the Calif. courts took steps to remove Bell from management, want this Church destroyed because it defies the CIO labor racket most successfully as well as the war-racket. **Atheists cannot prosper and create confusion where churches live up to the tenets of the Golden Rule.** The charge of peon labor against Bell is unwarranted on the same grounds that monks and nuns in Catholic institutions, or any other charitable institution of a similar nature, work on exactly the same basis as the members of Bell's church. **Judge Mathes simply prefers to ignore the FACTS and is shedding crocodile tears while destroying the assets of the church members,** more than one third of whom are charity cases and would have to be supported by the taxpayers upon dissolution of the bankrupt petitioners organization.

WHITES JOINED CHURCH FOR PROFIT NOT SERVICE

In the findings of fact, filed by Leslie E. and Marthiel L. White thru their attorney, Lee Combs, in Referee Brink's court in the matter of their petition for reclamation of properties donated to the Church, the Whites informed the court that **their motives in joining the Church did not conform to the tenets of the Church,** namely to dedicate their lives to the Service of the Christ **to set an example in Christian cooperation on social terms of equality,** but that they had joined in the hope of receiving specific benefits for themselves, and failing to get such they charged Bell with fraud and requested return of their properties.

It is not to be wondered that the Whites, or any other members, turned against the Church and charged fraud if they had **actually joined from motives of personal benefits and security.** They had witnessed what happened to those associated with Bell in his crusade to abolish war, when the 16 were arrested, their homes looted by the FBI, thrown in jail, tried and railroaded, because they remained true to the Christ and advocated that it was **preferable to invest their funds in a campaign against war rather than buying war bonds.** Upon such facts before them, nevertheless, the Whites joined and pretended that their motives were to serve the Christ and not themselves, that they were willing to accept the discipline imposed by Bell. Now in court they declare that their motive was economic security, **which comes to all who dare follow the Christ to the end, but have to pass the test of fidelity, even unto death and persecution, FIRST.**

It is plainly evident from the statements of fact adduced by the Whites, **that they attempted to defraud the Christ** by claiming benefits resultant from faithful service **before they passed the test of fidelity to the bitter end, even unto death.** They, like many others, expect to inherit "heaven on earth" by being JINERS, in place of giving full value as is plainly stated both in the charter of the Church and the teachings of the Christ. Following is the text of their statement to the court:

"That it is true that Mankind United during the years preceding the organization of CHRIST'S CHURCH OF THE GOLDEN RULE and thereafter, promised and represented to all individuals associated with it that they would receive as their benefit and return for the various financial and other benefits they rendered to said Mankind United when said program was completed, a $30,000.00 home, $3,000.00 a year net income for life, a plan known as the 4-4-8-3-4 plan, involving **easy, convenient, comfortable living, short** hours, short months and short years of work and vacation periods amounting to as much as four months out of each year, the use and benefit of the contributions for organization of a perfect church cooperative including the use of the benefits of some $60,000,000.00 already claimed to have been expended in research, the use of inventions and property rights owned by Mankind United for the benefit of the persons associated with said Mankind United, and the benefits of a nation-wide organization and its associated organizations **providing freedom from want, worry and care for the rest of their lives,** and enjoyment of certain social and religious benefits shared through association in said voluntary association, the ultimate formation of a corporation known as the Universal Service Corporation, and numerous and sundry other benefits affecting the life, welfare and happiness and financial welfare and property of said associates.

"That it is true that petitioner **Leslie E. White and Marthiel A. White joined** said organization of Mankind United, relying upon said representations and believing them, and **expecting to receive the benefit thereof;** that it is true that said representations were made by and thru the agency and direction of Arthur L. Bell."

MAN'S DEATH ATTRIBUTED TO INHALING DDT FUMES

COLLINGSWOOD, N. J.,—The Camden county coroner said the death of Houseman M. Kille, 53, "was due to the accidental inhalation of concentrated fumes of DDT."

Kille's physician said Kille was being treated for a heart condition. The physician said Kille returned from his summer lodge near Stroudsburg, Pa., Thursday. While there he had used a highly concentrated solution of DDT to spray spiders.

Slave Labor Camps in U. S. A.

Dear Dad:

Thanks for the ten dollars.

We just got word from New York that 6 men who went to trial last Monday on the same charge as the Glendora Strikers received an 18 months prison sentence. They are going to appeal their case, but I don't know if they have to start serving their sentence now or not.

In Glendora all of the unarrested men have been arrested and indicted under the same new charges as were the arrested men. About fifteen men have gone back to work reducing the number of men still on strike to about sixty.

Yesterday in court the strikers were presented with the new indictments. However, we were not arraigned since our attorney, A. L. Wirin, asked for a delay in order that he might present a motion before the court to dismiss the charges. The court granted him the delay and we will appear in court again next September 11, 9:30 A. M.

For the first time James Carter, U. S. District Attorney for this district, appeared in court. Heretofore only his assistants have appeared.

September 17 will soon be here and we will be given some indication as to the striker's treatment in this district; Behre and Atherton, the two men who refused to transfer will be coming to trial.

I now know the reason why I was waked up in the night by a Forest Service man in the last of July. Those men who were not in camp at that time were charged in the new indictments with being A. W. O. L. However, since some of the absent men were out on bail, I don't see how the government can make that count stick on those men. There was no provision in our bond that anyone should have to return to camp.

Love, DAVID

"STRIKING AGAINST THE GOVT"

Dear David:

Of course, I wish you success in your venture against Slave Labor as a Conscientious Objector to war, but you failed to follow Christ's direction **"Be ye as innocent as doves and as slithery as snakes".**

You were not born to a Mazdaznan father to ignore this relationship between us in the affairs of daily life. There is a world of difference between the Quakers, Mennonites, Brethren and Jews or Catholics when it comes to matters of Principle in application. All these sects have borrowed from the Aryan-Mazda-Thought, which is Mazdaznan, but our religion, our Thought, our philosophy surpasses them incomparably. While our Los Angeles Temple leadership has miserably fallen down in their duty in this and previous wars where C. O.'s are concerned, your father did not, but followed Principle to the bitter end, as a Mazdaznan, and you fell heir to his experiences, had you chosen to make use of your birthright. Instead of that you drew close to the soft-hearted and soft-headed Quakers and others who are babes in the woods, therefore easy prey for Communist propaganda, strike agitators, nigger-kissers and such subversive methods which violate Principle, the Aryan principle of Life on Earth. And to please your new and cockeyed associates you drew away from your father.

The first rule in a dangerous situation is **"Stand alone and mind your own!"** Fall back on God. Retire to the inner chambers of your heart where the eternal flame of Life illumines the mind that yields to God as the sole Leader and Inspiration. There is where you find the Christ.

Where 2 or 3 or more come together in this Spirit, in matters of common concern, the Christ, then, shows the way. It is entirely different from the Communist method and technique to which you fell victim as a Glendora Striker.

As a Mazdaznan, C. O. to War, you must FIRST consciously dedicate yourself: mind, body and soul, to the Service of Mazda against the service of Mammon. Every soul has to make this choice in Life here, now. This is what our religion teaches. **"Who is not with Me is against Me",** is the Rule by which the Christ measures loyalty.

There are 2 great armies of entities arrayed since Creation to this day, in battle against each other. The army of Light against the demons of darkness. Violence is resorted to only by the ignorant and beastly.

He and she who obey the Commands of the Christ, the Son of God, Mazda-Light-Intelligence-Love, receives as definite instructions as the private in the army of the murderers, the anti-Christ. Hence it is foolish to follow the Communist line, as you did at Glendora.

Strikers are un-American, un-Aryan and subversive. Strikers are dogs-in-manger. No intelligent person every goes on a strike. Had you followed the Mazda-orders, you would have discovered the perfect and legal way to meet the problem.

In New York the court now follows the Sanhedrin line and upholds the "government" against strikers. The Sanhedrin program in the U. S. A. is to organize the rabble in labor unions and use it against the "capitalists" to **destroy all small individual business** that the Rothschild-Rockefeller-Lehman-Sanhedrin may swallow up the vitcims and control the U. S. A. **To that end the New Deal enacted the Wagner Labor Relations Act.** To that end War II has been planned and executed.

Now having placed the U. S. A. into a straightjacket, the O. P. A., the Sanhedrin being "the government," ruling Truman and the administration, the "principle" of law must be established that it is O. K. to strike against independent American business, but not when the Sanhedrin controls. Thus to strike "against the government", owned by the Sanhedrin, is **the crime** the courts must punish, hence in N. Y. the strikers got 18 months.

You should not have joined the strike but should have written a letter to Hershey stating that the Slave Labor Camp is being run by military control which assigned you there in violation of the intent of Congress stated in the Selective Service Act. Then, you could have walked out and been within the law of congress. This the courts, who are creatures of the Congress, are bound to respect and here you would have been doing "work of national importance".

The picture is changing daily. He who has found the Christ and joined His army receives daily orders if he disciplined himself to take no decisive action except upon clear orders from on High. The time you idled away with your Communist-Quaker-nigger-kissers you should have employed to find your Master within, then one is safe and can defy the Sanhedrin and Hershey's lawless slave-labor regime successfully. Love, KOSTI.

MAZDAZNAN NOT WORTH HER STUDY

Dear Mr. de Aryan:

A friend of mine called to my attention your editorial on Mrs. Gasque, also your use of Mazdaznan symbols, maxims, and teachings in your paper **The Broom.**

Now I never knew Dr. Hanish. **I am not a student of Mazdaznan teachings.** I have had the pleasure of meeting Mrs. Gasque and hearing her speak on several occasions. It is a privilege to know Mrs. Gasque.

I am a friend of all genuine occult organizations. I reverence all great teachers who are channels for the Spiritual Hierarchy that guides the destiny of this great planet. Therefore, I am indignant at your sophomoric sneers at Mrs. Gasque who has so sincerely and so unselfishly dedicated her life to the spreading of the Mazdaznan teachings. By arousing the jibes of the ignorant, do you think that you are helping your great teacher, Dr. Hanish? Are you showing due reverence for the Mazdaznan teachings?

Your attitude puts power into the hands of the ignorant, unenlightened and unillumined.

Do you honestly think that your paper is edited in the spirit of Dr. Hanish who was so spiritual and universal in his consciousness and interests?

Remember the law of Karma. The poisoned arrow will return to your own breast.

Let conscience be your guide.

Yours truly, SYLVIA SMITH.

"YOU Have Freedom, Kosti"

Dear Mr. de Aryan:

I often wonder when reading your articles, if it ever dawns upon you just how much freedom you enjoy, in spite of all the monkey wrenches your friends, the Jews, throw into your works.

Of course, you've known hard times, humiliation, and such things as the Cross of Gold can inflict upon you—But so what?

Where in all these good old United States of America, is the editor of a single large daily newspaper who dares to express his honest opinions as freely as you do, and say, damn the difference! Brother there just ain't none.

You enjoy a freedom such as few men will ever enjoy because the price of its cost just isn't in their makeups. God didn't make them that way.

I hope all my enemies read that assertion twice, and try to assimilate what it contains, regardless of what they think of me, because that concerns me least of all.

I smile as I recall such freedoms as Roosevelt would give the world. Can you imagine freedom from fear being given to a people by a man who was himself a victim of moral cowardice? However, if he were alive today and still weaving his subtle network of living lies with which to ensnare unsuspecting morons, born to be deceived, he would be playing his part as laid out in the Great Scheme of things by the Master's hand. And I have no right to question that.

His biography when honestly written, will be an immortal monument to stupidity, arrogance, ignorance, and self-deception, to which future generations may look and be reminded of what constitutes the wages of sin. A slave to his own desires, and therefore in reality master of nothing, whose achievements soon tarnished and made mockery of all he stood for. Stalin knew all these things and many more, which made our Roosevelt the Great a mere puppet in his hands.

THE TRUE FREEDOM

No, not until we first learn how to go quietly alone and separate the true values from the false, as they affect basic truths relative to human behavior, can we hope to have **freedom from our own false desires.** And to rationalize having any freedom at all, before we have **first freed ourselves from false values,** based upon false desires, is pure damned childish nonsense. You already enjoy more freedom than most people could buy with enough sweat, blood, and tears, to fill the Atlantic Ocean, because they are in a mental goose step to begin with, and will still be in it at the end of "The March of Time".

If Roosevelt had only learned to think for himself to begin with, he would have gone down in history as a great soul, but you can't prostitute God-given talents such as he possessed, and get away with it forever, any more than a common whore can sell the body God has given her to satisfy her desires, and find the genuine happiness and contentment she might have known otherwise.

Indeed the word "freedom" is a big word, and means just heaps more than the dictionary has to say about it.

If what you've got isn't **freedom,** there just **ain't none.**

SIXTYFOUR BILLION DOLLAR QUESTION

I don't know anything about arithmetic and algebra, but just off-hand I'd say the Jews would have to be fifteen times as smart as all the rest of the people in these United States combined, to keep the economic and political stranglehold they now have.

Can you or Klein answer that one?

THE DIVINE SPIRIT OF TRUTH

"No, Fred, you could approach the whole matter in an entirely different spirit which your imbecile college professors never have. They start from an unknown and arrive at an unknown. We start from a known and arrive at a new revelation which proves itself positively true because our process of thinking is true to the rule. I have had the most marvelous discussions with people who loved the truth. As much temper as I exhibit when you defend nonsense and ignore the truth, as much joy one experiences and inspiration when one adheres to the truth."

"But daddy, is not everything relative?"

"Certainly, Fred. Relative to what? Relative to ignorance or to truth? Your professors never know what they are talking about, that's why they are hired to teach you. If they knew the truth they could never fill a post on the faculty because they would start a revolution. The truth would expose the whole criminal set-up in science, economics, politics with the resultant misery in life that culminates in war. No, Fred, the high institutions of learning are all filled by agnostics, men and women who know nothing positive, who are ignorant of the truth, who speculate everlastingly, who spread their intellectual and spiritual disease to the young generation; then the Sanhedrin can exploit the young fools. Don't you realize that the USA had a war every 25 years when a new crop of young fools was ready to bear arms? An agnostic is a mental and spiritual imbecile. Hence you will find that all schools are "patriotically" for war. The purpose of "education" is to confound the intelligence so you can never think straight, but to make you docile to "authority". Instead of the truth, you submit to "authority" in this and in that. So they peddle to you the most criminal lies as "authority" and in docility you swallow it, then they make you shoulder a gun and kill people so the Sanhedrin can make money off the living and the dying, the crippled and the insane."

"You mean to say, dad, that when a problem arises, one can start from a known truth and apply it in logical proceedings to find the solution for the new problems?"

"Yes, child. Everything in the universe is based in truth. Whatever you see had its origin in divine THOUGHT. Then the beings which compose the universe and direct its functions have power to exercise their faculties and modify the original function. We on earth have modified it so much that murder, war, hypocrisy has completely supplanted the divine purpose. But if you **really love the truth and are searching for it,** then, if you come to me or others, and we join together in that spirit, the Christ reveals HIS Thought to us. That is the marvel, the miracle, the revelation which follows wherever 2 or 3 or more come together to worship God and discuss in that Spirit their present problems. The truth prevails and they all see it, agree upon it, put it into practice and the results are harmony and well-being. You try and approach me in that spirit the next time you are looking for information and see the difference."

Mendel's Law of Heredity

Dear Brother de Aryan:

I am sorry my brief reference to Bernard Shaw and the inheritance of red hair was misunderstood. May I clarify the matter briefly?

George Mendel first proved the law of heredity by mating tall peas with short ones. All the first generation offspring were tall; the tall factor in this case was dominant. But the amazing thing was that each tall hybrid pea carried half its cells "short" like its short mother, and the other half "tall" like the father, or vice versa.

When the first generation hybrids were mated with each other, wherever a short cell united with a short cell, the product was a thoroughbred short pea, like the grandparent; wherever a tall cell united with a tall cell, the offspring was a tall thoroughbred like the other type of grandparent; and wherever a tall hybrid cell met a tall hybrid cell, the offspring varied in 1, 2, 1, order—one thoroughbred tall, 2 hybrid tall and one thoroughbred short.

I haven't the space here to elaborate more fully on the pea heredity but will apply it to human beings.

When a thoroughbred white Caucasian cell meets a black African cell, the offspring is always black, kinky-haired, and dark-brown complexioned. On the continued and further introduction of Nordic blood into the mixed white-black stock, the mongrels will become whiter and whiter, until the working of the Mendelian law becomes plain to any observing eye.

Your red-kinky-haired bootblack was an example. Upon investigation, it will be found that neither of his parents was black. Both may have been mixed, or one may have been, say, an octoroon (one-eighth Negro) and the other pure white. Upon further investigation, if possible, it would be found that he inherited the red-haired strain from BOTH sides, altho neither parent may have had red hair. **We carry cells like our ancestral stocks,** except that some strains are occasionally bred out and stay out of the stock, unless re-introduced from the outside.

Kinky hair has an odd way of working. It is dominant over Caucasian straight hair, and in such cross-matings will always show up, kinky. On the other hand it is "recessive" (that is to say, hidden) when mated with the straight Mongolian coarse black hair, which at the first cross straightens out the African kink. The African's hair is flat and thus curls in a kink; the Caucasian's is round and finer, whether blond, brown, dark or red; while the Mongolian's hair is coarse and round. Most of our American Indians are of Mongolian descent.

You can verify what I said with reference to Shaw, by consulting any reputable biologist. **If Shaw had been the Master of a harem,** with 500 **black** African and 500 thoroughbred Chinese wives, every child would have had black hair and slant eyes in the case of the Mongolian women's Eurasian offspring; and every mulatto offspring would have had black, kinky hair; NOT ONE CHILD WOULD HAVE HAD RED HAIR, OR BLUE EYES OR FAIR SKIN.

We cannot absorb African and Mongolian stock; they absorb us. I hope this hurried letter clears up the subject satisfactorily.

Best wishes, WASHINGTON ADAMS.

Freedom Bonds to Pay for Fair Practice Drive

Volunteer salesmen throughout California yesterday, August 15, began selling "Freedom Bonds" designed to pay off in increased democracy November 5.

The bonds, issued in various denominations by the California Committee for Fair Employment Practices, are part of a drive to raise funds to finance the campaign for passage of a State Fair Employment Practices Act—Proposition No. 11 on the November 5 ballot.

SPIRIT OF LINCOLN

The "Freedom Bonds" bearing likeness of Abraham Lincoln and Franklin D. Roosevelt, certify that the buyer "has invested in his country—and its people of every race, religion and national origin—with the full realization that the Fair Employment Practices Act will further the words of our founding fathers that 'all men are created equal'."

The campaign is being conducted in Southern California from headquarters at 541 South Spring St., Room 911, Los Angeles. Volunteers for the campaign were urged to apply in person, write, or telephone VA. 5029.

Passage of the act will guarantee the right to employment without discrimination because of race, religion and national origin.

SELLING CALIFORNIA'S FREEDOM INTO BONDAGE TO JEWS AND COMMIES

When the Jews put FDR's picture on the bonds which they intend to fasten on California's employers, to force them to hire Negroes and not give jobs to Whites; to force them to hire Jewish refugees and keep the natives out of jobs; to force them to hire Commies and sabotage the management of their own shops; to put FDR's picture on such bonds is most appropriate. But Lincoln's? Here is what Lincoln had to say where he stood:

In a speech made at Springfield, Illinois on June 26, 1857, he said:

"There is a natural disgust in the minds of nearly all white people at the idea of an indiscriminate amalgamation of the white and black races. . . . A separation of the races is the only perfect preventative of amalgamation. . . . Let us be brought to believe it is morally right, and at the same time favorable to, or at least not against **our interest to transfer the African to his native clime, and we shall find a way to do it, however great the task may be.** The children of Israel, to such numbers as to include four hundred thousand fighting men, went out of Egyptian bondage in a body".

Does this indicate that Abe Lincoln advocated discrimination against white workers to force employers to hire Negroes and Jews? Or does it prove that the Emancipator stood for purity of race and today, as then, he would warn us to **stand up and defend our interest** as he defended it then, and that **"we shall find a way to do it, however great the task may be"** by sending both Jews and Negroes to their native climes, as Moses did. And from all that is known of Lincoln, he would have done it, too, had he lived long enough. Maybe that's why he was killed.

SLAVE-LABORING GERMAN PRISONERS OF WAR

Holding and Abusing German Prisoners of war (and Scientists and Civilians) as Reparation Slaves Is an Atrocity So Sinister and Vile That in Recent Centuries Only the Crusading Unconditional Surrenderists Have Been Degenerate Enough to try it.

LABOR-SLAVING VANQUISHED, LIKE CANNIBALISM, NOT MENTIONED IN GENEVA CONVENTION

When "Liberator" Roosevelt's staggeringly barbarous suggestion was first made, the Most Rev. J. Francis A. McIntyre exclaimed, **"When we hear of war indemnity being satisfied by slave labor, can we accept that such is for the common good? Slave labor is against the dignity of man. It is unjust. It is a tyranny, and the common good cannot be served by injustice"** (From Broklyn Tablet, March 17, 1946). The Roosevelt-Churchill-Stalin pact to take human beings as war indemnity chattles, to keep German prisoners of war as labor slaves, is monstrous a reversion to barbarism that the Geneva Convention, adverting only to the prisoner problems of presumably civilized nations, no more thought of specifically condemning slave labor reparations than of prohibiting their consumption in cannibalistic rites! Cannibalism, rape, and slavery, (until the Big Three undertook their crusade for re-educating the Germans!) under the pressure of Christianity had dropped out of the vocabularly of International Conventions.

U. S. BECOMES SLAVE EMPLOYER AND SLAVE DEALER

But the almighty Big Three revived the last two on a very idealistic plane; they unofficially debauched German women to prove to them that their warriors had been defeated, and they officially kept German soldiers as slave laborers to teach them that it was wrong to fight for their country. Our own government, having captured more Germans than it could use, became not only a slave employer but also a slave dealer. By October 1945, we had in this manner handed over to France 450,000 German prisoners of war. By the spirit of the Geneva Convention and by "the still more sacred standards of Christian and civil conscience" invoked by

the Pope, it was our sacred duty to get them home to their families as quickly as we got our own prisoners back from the Germans.

FORCED LABOR AFTER THE WAR IS A CRIME, NOT DURING THE WAR

Since it is often asserted as a conscience-smotherer that the Germans used French prisoners of war as laborers, and that they conscripted civilians from occupied countries as laborers, one must emphasize that the **most important factor as to the right and wrong of things in war is precisely whether they were done during the war or after the war.** Both sides were perfectly within their rights to employ prisoners of war as non-military laborers while the fighting was in progress. Article 30 expressly permits such labor. What the Geneva Convention does not permit is keeping prisoners of war after the fighting is over. That is where the crime lies, and that is the crime we and the British and the Russians commit as long as we have not taken all German prisoners home. (To be continued)

Terror committees and certain Jewish extremists have organized a plan in the United States to persecute people of German extraction for preparing bundles to send by parcel post to their starving and grief-stricken relatives in Germany.

So long as we can make new discoveries about ourselves there need be no dull moments for those who can think. —James Bryan

Truman Now "Anti-Semite"

No matter how many times Pres. Truman went out of his way to break immigration rules, favoring the influx of Jews in the U. S. A.; no matter how often he twisted foreign policy to the disadvantage of the USA to promote special Jewish interests; as soon as once he did not jump thru the loop like a trained seal when the Zionists cracked the whip, immediately he was carricatured as an "Anti-Semite".

Following is a reproduction from the Southwestern Jewish Press of San Diego, Aug., 22, where this cartoon headed the report of the Jewish Press Service that the president had washed his hands of Palestine Problems.

This cartoon is syndicated and mailed to Jewish papers for reproduction everywhere.

PRESIDENT WASHES HANDS OF PALESTINE PROBLEMS

WASHINGTON (JPS),—President Truman's refusal to participate further in Palestine negotiations and to continue to press for the admission of one hundred thousand Jewish DP's into Palestine was implied in the following statement issued by Charles G. Rose, presidential secretary:

"Although the President has been exchanging views with Prime Minister Attlee on the subject, this Government has not presented any plan of its own for solution of the Palestine problem. . . . . .

"It is clear that no settlement of the Palestine problem can be achieved which will be fully satisfactory to all parties concerned and that if the problem is to be solved in a manner which will bring peace and prosperity to Palestine, it must be approached in a spirit of conciliation.

"It is also evident that a solution to the Palestine question will not in itself solve the broader problems of the hundreds and thousands of displaced persons in Europe. . . . .. "

PM, the newspaper in New York City owned by Marshall Field, III, which is notorious for its pro-Comunist activities, is now conducting a campaign through the East to force bathing pool managements and private beach managements to permit blacks and whites to bathe together. This part of the mongrelization program started by the Communist Party, encouraged by Eleanor Roosevelt and others.

Jews Boycott British Goods In call to War on England

When the Sanhedrin wanted war to strengthen and increase its octopus stranglehold over the oil-fields of the world it financed Hitler and incited the Nazis to go after the Jews in Germany who had created an inflation by bank-money manipulations and had bought up Germany, lock, stock and barrel.

When Lindbergh exposed the conspiracy, in his Des Moines speech, by stating that the British, The Jews and the Newdealers wanted war, he was ostracized and taken off the air.

Purpose of War I, II, and III is to destroy American Independence and **make us working slaves of the Sanhedrin the way we barter German slaves to the British, French and Russians.** By setting up a Sanhedrin controlled UN supergovernment the UN police, then, will rule in the U. S. A. the way the F. B. I. can raid and arrest in all 48 states, setting state rights to naught.

Now the Sanhedrin uses the Jews to create war between Russia and England over Palestine and getting the sob-sister morons to sympathize with the foolhardy Jews all over the world. The Jews are the catspaw and the victims of the Sanhedrin program, better known as **"The Protocols of the Elders of Zion"**, to stir up war and **destroy the Republic in the U. S. A.**

Just as THE BROOM was and is boycotted by Nate Barahov and his B'nai B'rith alien minded crowd in San Diego and the USA so now the Jews are calling for war on British commerce to initiate war on England by Russia in the East. **The menace of it lies in the fact that Jewish immigrants are being distributed everywhere in the two Americas,** but these Jews are enemies of England, friends of Russia and War III will be waged between Russia against Anglo-American allies. **Beware of this Jewish, alien, subversive infiltration!**

The following **"Call to Arms"** appeared in Los Angeles B'nai B'rith Messenger of August 16.

A CALL TO ARMS

By JOSEPH J. CUMMINS

Tuesday, August 13, 1946, will go down in infamy as the most infamous day of British infamous conduct in Palestine.

The United Press reports the wanton slaying of Jewish men and women by the British Military, the deportation of Jewish men and women from Palestine to detention camps in Cyprus.

We need not here review the sordid details. You have undoubtedly read them in the daily newspapers and listened to them over the air.

We do not know what to expect from our government in Washington. If past performances are an indication we can expect nothing that will override the imperialist and fascist British Foreign Office.

The Jews of the world must realize, albeit so reluctantly, that the British Foreign Office has taken the place of Hitler as Jewish Enemy No. 1.

We here in America, as Americans of Jewish faith, cannot do much to strike back at the murdering gangsters who are the British Foreign Office, but whatever it is, it behooves us to do our all.

The British Foreign Office has two Gods, i. e., PROFITS and POWER. Let us, American Jews, destroy PROFITS to Britain wherever possible.

We urge you, therefore, to buy nothing "Made in Britain."

The UNRRA is being disorganized because its operations have been so filled with scandal, graft, crookedness, conspiracy, and Communist propaganda, that the administration is anxious to clean it up before a threatened Republican Congress gets a chance at its dirty operations. When the truth about UNRRA comes out, it will be so terrible and so disgraceful that it will tax the imagination of honest people.

FDR Waits for Winnie

The Devil sat with a little imp
On a pile of brimstone slag,
I'm down and out the Devil said
No more I'll boast and brag.

Hell is not in it with the earth
Their technique is sublime,
I've lost my quondam reputation,
I'm a thousand years behind.

He placed his hand on the imp's small head
The tears rolled down his cheek,
Said he, I once was arrogant
But now I'm mild and meek.

They thought I was a mighty man
They feared me like a pup,
And then they got the atom bomb
And F. D. showed me up.

Just then F. D. R. appeared,
Said he, you're obsolete,
But wait until Winston comes
We'll put you on your feet.

We'll run this Hades in terrestial style,
You'll be a first-class heel.
We'll have this Hades just like earth—
A HELL—with a New Deal!

The Russian government is now kidnapping most of the children out of Eastern Germany. They are being taken back to Russia to be schooled in the art of Communism. Those German children which fail to absorb and accept Communist doctrines will be sent to slave-labor camps. Those that accept the Communist doctrines will be sent back into Germany .

The long speeches of Molotov in the Paris Peace Conference and the refusal of the Russian representatives to get down to the business of making peace treaties is deliberate. The trick is to take enough time to give the Russian army a chance to liquidate all Christian and anti-Communist opposition in the countries they now occupy.

ANTI-GENTILES AND ANTI-WHITES CONTROL IN MASSACHUSSETS

BOSTON,—The Massachussets anti-discrimination law, which becomes effective on Aug. 24, is stronger than New York's (Ives-Quinn) measure. It empowers the commission to issue a complaint against a suspected violater on its own initiative; forbids employment agencies to discriminate and prohibits inquiries concerning race or religion; requires those subject to the Act to post notices concering its regulations on their premises, and explicitly makes the various governmental agencies of the state subject to the law. It empowers the commission to publicize cases it settles and provides that complaints shall be filed within six months after the alleged discrimination. (New York's law sets 90 days).

Did Roosevelt commit suicide? A document is being prepared by a very well-known writer, who will style himself as Mr. X, concerning the mysterious death of the late FDR. It is known in Washington that Joseph Stalin was doubtful that Roosevelt had died. He instructed his Ambassador to go to the White House and ask permission to see the casket opened in order that he might know for sure that the President had died. The family and the authorities at the White House refused to grant the request. The document being prepared is so secret and so confidential that it may be some months, if not years, before the author of the brochure will be identified.

IMMIGRANT FLOW EXPANDS HIAS

NEW YORK,—The renewed flow of Jewish immigration to the United States is reflected in the semi-annual statistical report of the Hebrew Sheltering and Immigrant Aid Society (HIAS), which was made public by Abraham Herman, president. Covering the period from January 1st, to June 30, 1946, the report shows **a huge increase in activities** of the HIAS offices in the United States, while at the same time it notes **the opening of many additional offices abroad.**

The Farmers' Union is the farm organization in America that cooperates with Russia, the Communist Party, and Stalin's agents in general. The head of this organization is James G. Patton. He has virtually closed his office in Washington and has moved the base of his operations to Denver, Colorado. He says he is going to organize the grass roots. It represents an attempt to infilter the farm communities of the great Middlewest with the philosophy of Soviet Russia.

MENACE OF ANTI-GENTILES

If it had not appeared in a newspaper of such quality and reliability as the Christian Science Monitor, the following quotation would seem as incredible as it is depressing. But, after the appalling murder of millions of Jews, perhaps it is not surprising if the witches' cauldron of Europe should give off such noxious vapors.

The Monitor, (July 23) published a dispatch from its correspondent in the Balkans, R. H. Markham, portions of which follow: "One of the sad but unmistakable developments which I observed in Southeast Europe is a sharpening of the antagonism between Jews and Gentiles. This is, of course, anti-Semitism, but it is more than that. It is also anti-Gentilism. It is a mutual conflict.

"Many Gentiles there are engaged in a war against Jews and many Jews there are engaged in an equally bitter fight against Gentiles. . . . Many Jews are in power now in Romania and Hungary. I don't mean that they actually govern either country, but the group in power favors the Jews. So far as this springs from tolerance, it is a righteous attitude, but its practical result may sometimes be discrimination against Gentiles. Some Jews, remembering their persecutions, are 'getting even'. Some have jobs which enable them to humiliate Romanians and do not refrain from doing so. . . . . The Jewish question is taboo. Any Romanian who expresses resentment at real or alleged anti-Gentile discrimination in any sphere or on any occasion is in danger of being denounced as a 'hooligan' and may be arrested. . . Since Romanians can't openly discuss the Jewish-Gentile problem they seem to spend half their time in private raging about it."—Human Events.

Presidential Primary Urged

Editor of The Broom:

I believe most thinking Americans will agree that a change should be made in our method of nominating candidates for the presidency in both major parties. In the last few decades the men finally selected by political delegates at the 48-ring circus called conventions were not always the best qualified men for that high office of trust.

It seems to me that a slate of a half a dozen or so of the most prominent and able statesmen in each major party should be placed before the electorate and they be permitted in a primary election to select the candidate they think most capable to conduct the ship of state.

Also, the method of final election of candidates to the presidency should be by direct vote of the people, and the electoral college abolished.

— WILLIAM VATTER

Editor's Note: Whether a primary or any other method, it makes no difference. We have primaries for Congress, so what?

As long as Americans are suckers, euphemistic for morons, the Sanhedrin is bound to rule and direct.

Swedish people are being terrified by Russian bombing operations. All of Sweden and Norway are horrified at the thought of what will happen to them when the Russian bear reaches out for his next big grab.

Nationalists and conservatives have learned a lesson from the recent primaries.

Those who have slugged it out in a rough and tumble fight, like Bilbo, Talmadge, and Butler, have been victorious. Those who have been reserved and semi-compromising and have attempted to appease the enemy have been defeated. La Follette, Wheeler, Nye and Shipstead are illustrations of the latter method. This is considered one of the most important political lessons that has been learned in Washington in the past six months.

Hirsch vs. Dilling

CHICAGO,— Victor Hirsch, 47, of 4930 N. Spaulding ave., former welterweight boxer and navy champion in that class during World War I., obtained a warrant from Judge William V. Daly in South State Street court charging Kirkpatrick Dilling, 701 Gordon terr., with assault and battery.

Dilling obtained a similar warrant against Hirsch charging that Hirsch beat him during a disturbance in the lobby of the Morrison hotel on Aug. 14 after an attempt of Gerald L. K. Smith to speak in the hotel. Hearing on the warrant for Hirsch is set for Wednesday.

Hirsch is commander of the Carney post, American Legion, and a staff officer of the Jewish War Veterans. Dilling is the son of Mrs. Elizabeth Dilling, author.

Underworld thugs literally threatened the management of the Hotel Stevens in Chicago with physical violence if they permitted Gerald L. K. Smith to address 500 people in the South Ballroom the night of August 14, under the auspices of the Independent Republican Committee. The management was completely terrrified. Over 200 policemen were called out. The meeting was moved to the Ballroom of the Morrison Hotel. After the adjournment of the meeting, and even during the progress of the meeting, men who called themselves leaders in the Jewish War Veterans organization rushed up the steps to the Mezzanine floor and attempted to do violence. They were met by American Firsters, led by Lieutenant Kirkpatrick Dilling, and driven back down the steps. Fist fighting followed. These demonstrations all seem to fit into a recent editorial appearing in the Jewish SENTINEL (published in Chicago) in which the editor said: "We expect to drive Gerald L. K. Smith and his people into the sewers of Chicago. There is a well-founded suspicion that the same organization which is now promoting terror in Palestine is in charge of the Jewish terror program in Chicago.
